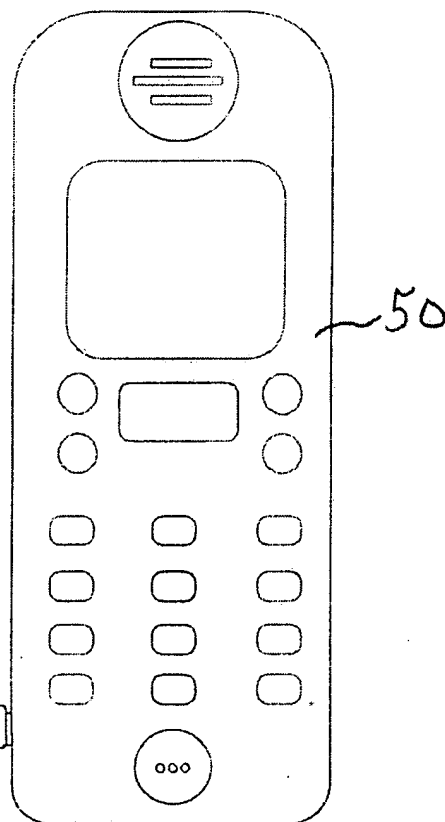

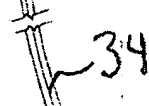

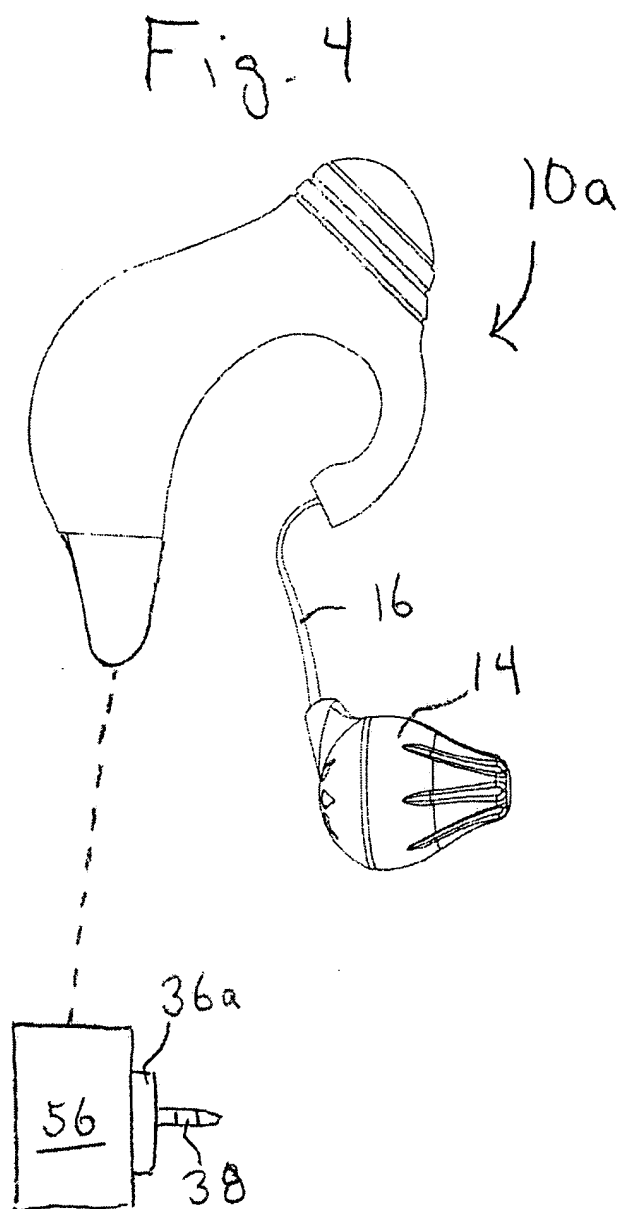

FIG. 4

A schematic diagram of a medical device, likely a catheter or probe, with various components labeled with numbers. The device has a main body (10) with a central opening (14) containing a circular array of smaller openings (16). A side opening (18) is located on the left. A flexible tube (34) extends from the bottom. Other labels include 12, 22, 24, 60, and 62, indicating specific parts or features.
